Play Area Problem

The Fifth Ward continues to grow and building lots melt away, but nothing is done about preserving major sized areas for playgrounds. This has been an acknowledged problem for several years, but no action has been taken.

At the present time the citizens recreation committee is awaiting a final report from the National Recreation Association in which a long range plan for Warren will be outlined. It will emphasize the Fifth Ward playground inadequacy.

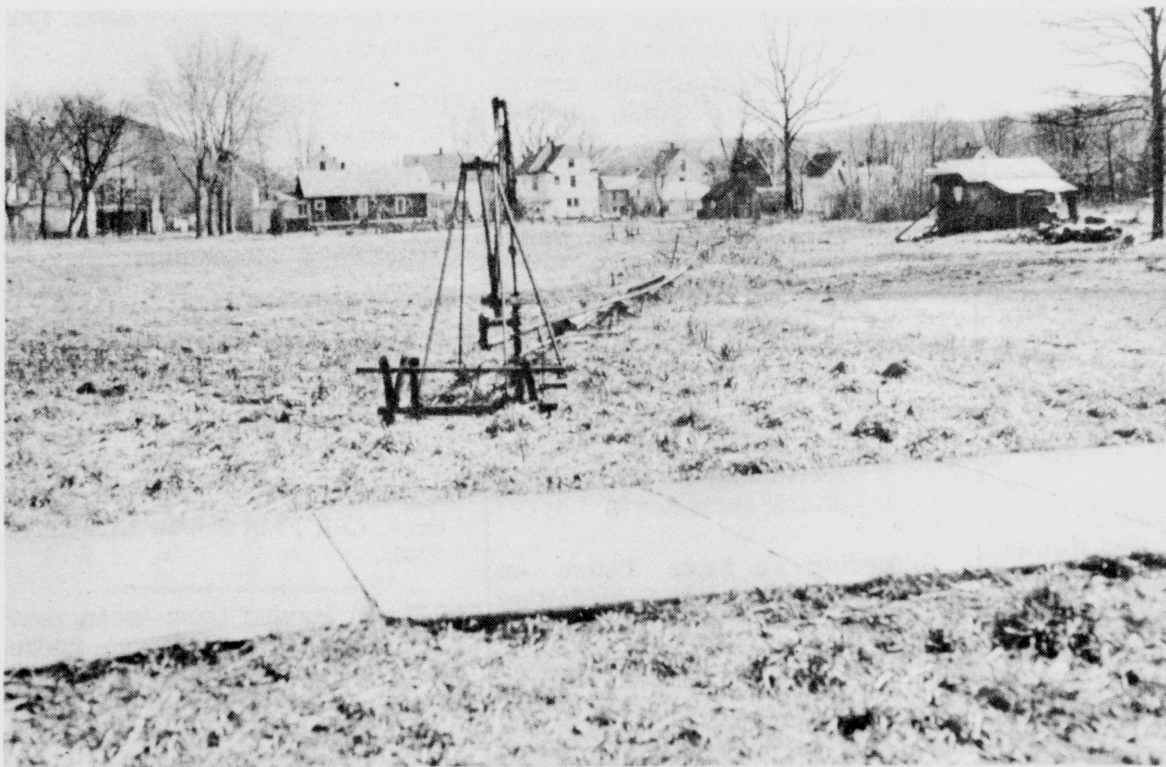

But all the recommendations, reports, and talk will accomplish nothing unless the borough of Warren writes out a check for land, land that fast is disappearing.

Typical of this disappearance act is the picture at the left. Here the children of the neighborhood always have played ball, and have

gathered for other informal and unsupervised games. Now a house is going up and another lot disappears.

In fact, the Ward is enlarging with fine homes such as the attractive Thomas Gannoe residence, pictured below, springing up on new streets high on the hill and on the edge of the forests. Here the children have elbow room, but no formal fields for sports, and even here the fields are becoming building lots.

Along the creek there is a narrow strip of land, but except for a portion which is within two or three blocks of Beaty field, it is not sufficiently large to serve the upper Fifth, and it is too close to the stream for the comfort of many mothers. It also requires crossing Conewango ave. by the majority of participants. Some will have to cross, but it should be the minority.

OIL AGAIN. Here is a portion of the largest field left in the center of the upper Fifth. But it is interlaced with oil wells, which apparently are being pumped and suggest the "oil rights" problem that has thwarted numerous recreation efforts. This area lies just south of Glade ave.

ANOTHER EMPTY. This vacant area is just off Monroe, with the camera looking west. It probably would mean buying several lots, and portions of others, in order to piece it together as a playground.

THE BIGGEST AREA is part of the old fairground and up Quaker rd. But this is at the very extreme edge of the Fifth and might not meet present needs, though certainly it should be given some consideration for the future.

Here sits the beautiful Watson Memorial Home, and back of it is a real estate project on which the promoters naturally hope there will be many homes. West of this, and across Conewango ave., ext., are many new homes which have built into a compact neighborhood that may be hoping for annexation soon. Its many new homes suggest more children and more play problems.

COUNTY NEWS in brief . . .

Three Warren Area Boys left Tuesday evening for induction in Harrisburg. The boys were Clark E. Grosch, son of Mr. and Mrs. Everett T. Grosch, 507 Conewango ave., Robert H. Gorton, son of Mr. and Mrs. Gilbert G. Gorton, 622 Beech st., and Charles T. Strandburg, son of Mr. and Mrs. Leonard Strandburg, 422 Pennsylvania ave., east. The local board says there will be no April call for pre-induction examinees.

The Formal Presentation of the Benjamin Rush award to Mrs. Ray Steber occurred last Saturday at the Woman's Club building, Warren. Mrs. Steber was selected for the award by the local medical association for outstanding work in community activities.

Despite The Fact it is not running any candidates for office this year, the Warren Junior Chamber of Commerce will still remain in the spotlight of the political picture at the state convention in Philadelphia on April 30 through May 1. This is a result of a special political meeting in New Kensington Sunday afternoon, when Earl Abel was unanimously elected chairman of the western region caucus committee. Al Anderson made the trip with Abel Sunday as an Alternate.

Cruelty To Animals is the charge which has been brought against Vernon Snelding, caretaker for Miss Florence Kennett, of Akeley. The charge was the result of an investigation by Sheriff Larry Linder and state police who found emaciated cattle on the Kennett property.

Sheriff Linder yesterday ordered twenty-two head removed from the property. Sixteen previously were found dead. A hearing for Snelding will be held in about two weeks.

Looking Way Ahead we find dates set for area fairs. The Youngsville Fair will take place August 25 to 28. The Wattsburg Fair is set for August 31 to September 4.

The Easter Egg Hunt sponsored annually by the American Legion

will have the same time schedule this year. The hunt will get promptly under way at 2:00 p. m. in Crescent Park. There will be 1,000 prize eggs, and about 1,000 chocolate eggs. The participants will be divided into their respective age groups.

There Will Be A County Wide tag day in the interest of raising funds for the Warren County Cancer fund beginning Friday afternoon at 3:15. It is pointed out that 60 percent of all money contributed to the cancer fund remains in the county. The other 40 per cent goes to the national fund for advanced scientific research.

Remember: Warren stores will be closed tomorrow from noon to three, in observance of Good Friday.

Soldier Of The Week was the honor given Cpl. Deane L. Swanson at Beale Airforce Base, California. The Warren boy completes two years of service this week and will be discharged April 22.

The National Rifle Association of the National Junior Rifle Championship for this section will be held in Warren this year, according to an announcement by the Boy Scout Junior Rifle Clubs. The meet was scheduled to meet in Wellsville, New York, it's regular meeting place but due the burning of the building there where the meets are held, a quick move by Warren officials brought the championship here. It will be held in the Armory, Warren, on April 24. Among the teams participating are two from Beaty, one from senior high, and one team from Warren's Explorer Scouts. But one spokesman said, "We're going to let them all shoot."

Warren County Court last week appointed Mrs. Mildred Locke, sister of Mrs. Allison D. Wade, deceased wife of the late president Warren county Judge, as guardian of Noel Wade. Noel is the only daughter of Judge and Mrs. Wade. At the same session, the court placed the guardianship of Judge Wade's property in the hands of Miss Bernice Seavy. Miss Seavy was Judge Wade's personal secretary.

Warren County Homemakers toured Pennsylvania State University last week for the University's annual Spring Week-end open house. Thirty-eight Warren county homemakers made the trip. Mrs. Geraldine Johnston, the county's Home Economics Extension Representative, served as a special guide.

cancer man's cruellest enemy strike back

"CANCER" is an unpleasant word. It's easier not to think about it — to turn the page, to pass on.

MOST FOLKS WHO see this ad, will do just that . . .

YOU ARE DIFFERENT. The fact that you're still reading this proves it. PERHAPS you have a special reason for being interested in the fight against cancer. Cancer may have taken away someone whom you loved. It's not unlikely, for cancer strikes one out of five.

LAST YEAR, Americans gave more than ever. But still not enough.

THIS YEAR—please—give more generously than ever. Won't you make your gift now to your unit of the American Cancer Society?

MAN'S CRUELLEST ENEMY
Strike back—Give
AMERICAN CANCER SOCIETY

Edna Glasser Named Asst. H. S. Principal

The Warren Joint Area school board held its April meeting last Monday evening and approved a recommendation that Miss Edna Glasser be appointed assistant principal of Warren senior high school for the coming year, and accepted with regret the resignation of Miss Martha Sable, girls athletic director.

Other approved recommendations were: Appointment of Thomas Kristy to teach in the Beaty Junior high and to serve as assistant football coach, Edward Zulak be given extra duty of acting as guidance counselor in senior high for the coming year, and Joseph Massa be given the extra duty of acting as faculty manager of equipment.

Superintendent Whipple gave a breakdown of construction costs of the new Beaty addition to him by Lawrie and Green. They have given the cost as 85 1-2 cents per cubic foot and \$20.94 per square foot. Dr. Whipple stated that our costs were higher than average due to the expensive foundation and first floor costs.

Eleven Beaty staff members were given permission to attend the social studies conference at Edinboro, and other teachers attending conferences will be George Frits, Miss Jane Hawkins, Miss Kathryn Martin, Gerald Newton, and Harry A. Summers.

Summer classes in typing and driver education were recommended and approved along with an adult class in art to be taught by Joseph Spence.

The new senior high school building was briefly discussed and Dr. Whipple submitted suggestions for considering the selection of a site for the building. The board postponed further discussion of the project until the regular meeting in May.

Orders for the month amounted to \$3541.31; cafeteria purchases came to \$3,380.65, and services, \$1,156.98. Bills paid were: special services \$170, substitutes pay \$178.92, and janitors overtime, \$452.92. Total bills for the month came to \$13,845.71, while those payable from the activity funds came to \$1,506.48.

The school board members gave their endorsement to the purchase of 12 typewriters at a cost of \$1,145.00, and the continued employment of the following janitors: Roy Heeter, Ed Huber, Ted Kamen, William Smith, and Herbert Stover. And also that John McKinstry be employed to work in the senior high building.

School attendance for the month of March was 94 percent.

Warren County Deputy Sheriff Sandy Secor and Warden Buzzy Allen transferred two prisoners, Grant Bentley and Robert Edmiston, Tuesday. Bentley was taken to Western Pennsylvania Penitentiary, Pittsburgh, to serve 18 months to three years, and Edmiston was taken to the Workhouse, Blawnox, for one year. Both men were sentenced in last week's session of court on charges of burglary and larceny.

The Dorothy Gary Memorial Fund, set up by the Chief Cornplanter Council of the Boy Scouts of America, in memory of the late scout office secretary, has received contributions amounting to \$125. The fund is being used for the modernization of the health lodge at Camp Olmsted which has been re-named the Dorothy Gary Health Lodge. Miss Gary died recently after serving in the local scout office for 30 years. Anyone may contribute to the fund.

The Warren County District of the Pennsylvania State Nurses' association held their meeting Monday evening at Warren general hospital, immediately following a meeting of the board, and laid plans for a fund raising campaign. There are now 134 paid members, largest membership to date. Dr. J. T. Valone was the guest speaker. The association's next meeting is May 10, at which time a drawing will be made on the 50-50 project.

County Vital Statistics

WEEK OF APRIL 8 — 15

Births

BOYS — Mr. and Mrs. John Hoffman, Sheffield; Mr. and Mrs. Norris Baxter, 608 Prospect St., Warren.

GIRLS — Mr. and Mrs. Charles Danielson, Philadelphia; Mr. and Mrs. Francis R. Johnson, 506 1-2 East St., Mr. and Mrs. Wayne Campbell, 9 Brook St., Mr. and Mrs. Robert Beach, 511 Fifth Ave., Warren; Mr. and Mrs. Delbert Seekings, and Mr. and Mrs. Paul McElhatten, Warren R. D. 3; Mr. and Mrs. Douglas Mickle, North Warren; Mr. and Mrs. Charles E. Kiffer, Endeavor; Mr. and Mrs. Warren Haight, Clarendon; Mr. and Mrs. Lloyd Nelson, Sugar Grove R. D. 4; Mr. and Mrs. Royal Snyder, Saybrook; Mr. and Mrs. Clarence Helfrich, 17 Franklin St., Warren.

Deaths

Clinton B. Miller, Triumph Twp.; Mrs. Margaret Bertha Bloom, 28 N. Carver St., Louis Eugene Glasser; 14 E. Wayne St., Warren; Miss Emma Baker, Pasadena, Cal. (formerly of Warren); Arvid A. Setterlund, Jamestown (formerly of Chandlers Valley); John Wilderspin, Tiona; John Everett Rooker, Pleasantville; Mrs. Mary Benner Glass, Los Angeles, Cal. (formerly of Tidioute and Warren); Muter A. Jordan, Tiona; Emil F. Peterson, Cal. (formerly of Farmington Twp.); John H. Lauffenberger, Trenton, N. Y. (formerly of Warren County); Mrs. Freda W. Anderson, Sheffield; Mrs. Esther Samuelson, 107 Canton St., Warren.

The following groups will play: The Grade School Band, The Grade School Orchestra, The Junior High Beginners, The Junior High Orchestra, and The Junior High Dungaree Band.

An Interesting Display of coral and sea vegetation is on display in the window of the Warren Bank and Trust company, through the courtesy of Oscar Lauger. Mr. and Mrs. Lauger have just returned from a tour of Florida where they collected many such items.

According To State Police an accident occurred last Saturday on Route 62, about 14 miles south of Warren when Lester Ricard, Cuba, N. Y., allowed his car to go out of control and overturn. Ricard was taken to Warren general hospital and treated for minor wounds. Damages came to about \$700.

The Local Branch of the Employment Security office will be closed Friday except for those interested in unemployment compensation. Friday is a legal holiday.

News Of Service Men: From Heidelberg, Germany, comes word that Andrew D. Schwartz, 27, son of Dr. and Mrs. Philip Schwartz, State Hospital, Warren, recently was promoted to corporal while serving in Germany with U. S. Europe headquarters. Corporal Schwartz entered the army in December 1952.

A report from Salzburg, Austria says that army PFC Charles E. Chido, son of Mrs. E. R. Chido, 10 Marrer st., Warren, recently arrived for duty with U. S. Forces in Austria. Chido entered the army in March 1953.

Also from Salzburg: Army Pvt. Thomas F. Brown, 19, son of Mr. and Mrs. F. T. Brown, 122 Elm st., Warren, recently arrived for duty with the U. S. Forces there.

Pusan, Korea — Army PFC Raymon H. Streich, 24, whose wife, Mary Jane, lives at 5 Verback st., Warren, recently arrived in Pusan for duty at the 7th transportation major port.

BUYERS' CORNER

As predicted here, the tobacco industry is starting its counter campaign against the claims that cigarettes quite probably cause lung cancer. Most newspapers last week received an eighteen page brochure, published by the Tobacco Industry Research committee, and you no doubt already have read excerpts therefrom.

It, of course, quotes numerous doctors and lab technicians who chorus the claim that no proof exists that smoking is a cause of cancer. Several doctors claim the tests on mice are not conclusive, since the reaction to cancer varies in animals. The monkey resists tumors. Mice have many of them.

Throughout the debate one fact keeps coming up which interests us. This is that a large percentage of lung cancer patients may be smokers, but there are some who

are not. The fact that some are not certainly indicates that a percentage of those who are smokers may belong to the classification of those who are not. In short, there also is some other cause, or maybe several other causes.

And we hope that the real value of this wrangle over cigarettes and their potential part in this cause of cancer may be the uncovering of something far more basic than tobacco. Possibly it will be found in tobacco, but it also may be found in coal tar, gasoline fumes, and other impurities that are breathed in by those who reside in urban areas.

Is There More Lung Cancer

The question also is raised as to the actual increase of lung cancer. The science and equipment for revealing this type of disease has not been in use for many

years. Thirty years ago very few such examinations were made each year. Today, with modern x-ray and other equipment, lung examinations number into the millions.

People also are living longer. And with a disease that more often occurs in elderly people, the incidence naturally increases as the span of life becomes greater.

One doctor, whose specialty is the removal of lungs, believes that there is a parallel between the increase of lung cancer and the number of cars. He claims most of these patients come from city areas where they breathe the incomplete combustion of gasoline and additives for supposed more power, together with tar from the roads, smoke from diesel engines, and other air pollutions.

The cigaret committee's brochure says 1950 records of the Department of Health reveal that one in seven deaths was from cancer, one in eighty was from lung cancer, and as compared with other forms of cancer the lung variety was one in twelve. Types of cancer

We Have A Dictator

By Thomas L. Stokes

WASHINGTON. -- President Eisenhower would calm our fears. Let's take just one of them here, the all-important one.

That's the H-bomb. It holds the power of blowing us all to eternity and if we are going to take that route then we don't have to bother about the other fears that the President mentioned the other night.

Pardon us, Mr. President, but we are not afraid. We are just inert and powerless. For there's no sense in being afraid of something you can't do anything about if someone decides to drop the thing and pulverize us.

But there is someone who can do something about, or try to do something about it.

The real truth, and we must grasp this, is that only a few people in the whole world have power to do anything. Cautely yourself, Mr. President, and the Russian High Command and those who counsel and advise you and them, with another group as sort of on-lookers and kibitzers, those few who have authority and power among the British, French, Dutch, Chinese and such.

For what we actually have in the world now is a dictatorship of the atomic and hydrogen age. Nobody created it consciously. Nobody built it up as a means of power, for no one wants that power. The world stumbled into it. Those scientific fellows, pottering among their mysteries, came up with this new and awful miracle.

But back to the dictatorship a moment.

That had to be. In the first place, only a very few persons, compar-

atively, actually understand atomic science and its operations. Just a handful, then, are in the scientific and production and operating end — a dictatorship of know-how, we might call it.

Because it is the most deadly weapon in the history of the world, it has to be a secret so that the other fellow, the potential enemy, won't get what we know. That means that only a few persons in the political and military spheres can know about operations in atomic weapons, how many, how they can be used, and so forth. That's another dictatorship — and necessarily.

Smaller still is the third element of the dictatorship — the most important for all of us. That is who has the decision as to the weapon's use.

That is you, Mr. President, so far as we in this country are concerned, and, as for the rest of the people in the world, it's the person or persons who occupy the post comparable to yours. It's a small and select circle with such power as men never held before.

Their decision can't wait on votes of the people, wherever people have votes as we do. It can't wait on Congresses or Parliaments.

So we are powerless, Mr. President.

We therefore cannot be afraid — we are concerned only for you and for those others of equal power in the atomic dictatorship.

We are not afraid but we, the people of this country and the whole world, can be grimly determined that we will hold you and the other dictators of the atomic age to your responsibility. We recognize the truth of what you said the other night:

"Now, this transfer of power, this increase of power from the mere musket and the little cannon all the way to the hydrogen bomb in a single lifetime is indicative of things that happened to us. They rather indicate how far the advances of science have outraced our social consciousness, how much more we have developed scientifically than we are capable of handling emotionally and scientifically."

It is too late, however, for that to be an excuse. There can be no excuses. You and the others in the atomic dictatorship are up against the gun. You've got to handle it — or else.

BIG ATTRACTION. The annual Easter display at the Crescent Floral Gardens brought out a stream of people Sunday, despite threatening skies that at times did much more than threaten. Sherm had two displays ready, the Dutch scene pictured here, with cross above, and the chapel scene which was introduced last year.

BUNNIES AND ALL. An attractive Easter effect was created in the window of the Virg Ann Shop for the season. Not only was the window gaily done, but the bunnies were cleverly designed to provide movement.

WARREN COUNTY TREASURER H. H. Bowersox has been busy handing over the fishing licenses this week. Here Roy Blodgett, Warren, takes his turn across the counter.

Off The Beat

Mail By Truck

Proposal is being publicized to convince the public that a big share of the post office deficit can be reduced by using trucks for hauling most mail that goes no more than 300 miles. Advantages include the reduction of handling through the elimination of the present loading and unloading of trucks at the train and station for the local transfer (this would be done just once); provide greater flexibility during emergencies because trucks are not limited to tracks; eliminate the payment for empty space in partly loaded mail cars (trucks would be used to accommodate the pay load). And there are many others, adding up to a claimed saving of eighty-five million dollars a year.

A Known Killer

While we search frantically for the cause of such diseases as cancer, another type of death continues to take its toll, despite the fact that we know the cause. The most common type of cancer killed 34,000 in a recent year. At the same time 38,500 were killed by automobiles!

Of these, 30,760 were killed in accidents which occurred on absolutely straight stretches of highway. The number injured in that year was 2,140,000!

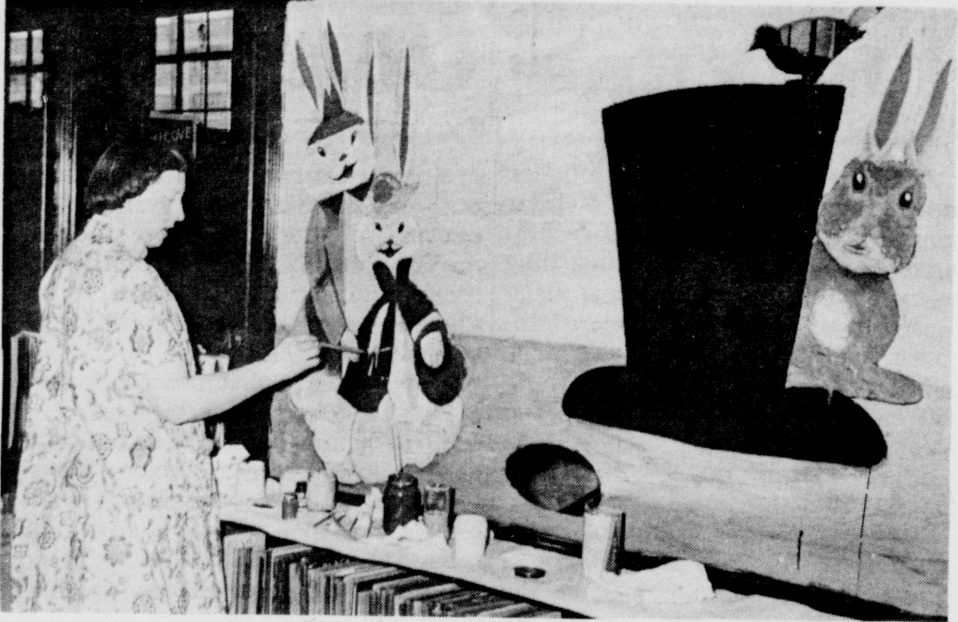

If any other activity, any disease, or anybody were causing this much misery we would be doing everything possible to stop it. It is worse than war. It is a greater death list than that in Korea. Greater in one year than Korea was in all its years.

And the answers are not difficult. We need strict driver examinations, and re-examinations. We need specifications for safety features in all cars, such as spring-out windshields, cushioned dash boards, and even safety belts. Safety belts, required in airplanes, would have saved a big majority of those lives.

Ridiculous? Is it ridiculous to save lives?

Surprising Poll

PTA members were a bit surprised at the result of their daylight saving poll. They were sure that the most resistance would be found in the rural areas. But many of the rural areas voted for daylight saving. The totals showed 704 rural PTA members who wanted daylight saving only during school vacation. Opposing this change were 485. In Warren the margin was much larger, 686 to 390.

MRS. EDITH O'HARA, Children's Librarian, puts finishing touches to her Easter painting on the window of the children's room.

Another Dam Expense

It has been reported that Les Sheldon is rejuvenating his Kinzua golf course. If successful, this will give area whiffers another public course within easy range. And it, of course, will provide another property for which the government will have to pay damages if it builds a Kinzua dam.

Tom Stokes Returns

We now have the dean of Washington reporters back on our pages. Tom Stokes is writing for us again, after a lapse during which we had difficulty making schedules, and substituted Marquis Childs. We consider Mr. Stokes to be one of the most objective writers in the business, and in fact he also is so considered by most of the leading journalists, many of whom may differ with him, but you may note that they never take him on in commentary debate. He looks both sides in the eye and writes as he sees them.

New Store

The kids will take interest in this one. A new store is opening up

where Tiny Town just moved out. And instead of children's clothing the products now will be toys, with Ken Peterson, of Jamestown, as proprietor. Name of the store will be Toy Center, and it will open May 15

Things to Come

Good Friday Services.....The Seven Last Words From the Cross will be the subject of the messages to be given at the Warren Ministerial Association Good Friday Services at the Warren First Methodist church from 12 p. m. until 3 p. m. The schedule is as follows: 12 p. m. - Dr. Robert Steen; 12:30 p. m. - the Rev. Robert Knapp; 12:55 p. m. - the Rev. Roger Morey; 1:20 p. m. - the Rev. George McGhee; 1:45 p. m. - the Rev. Forrest Sparks; 2:10 p. m. - the Rev. Clarence Baldwin; 2:35 p. m. - the Rev. Francis Fehlman.

Easter Sunrise Service.....The annual Easter morning service, held in Cook Forest State Park, will take place for the fourth time this year, with numerous organizations cooperating to make it possible. Dr. Will W. Orr, president of Westminster college, will be the guest speaker, and the Clarion county high school chorus will furnish the choral music. The service opens with Salute To Dawn, done by four trumpeters.

The Rev. Jay Shaffer, of Lickingville, will tell the Easter Story, the Rev. Edward M. McKee, of Tionesta, will give the invocation, and the Rev. Joseph J. Wherle, president of Gannon College, will give the benediction.

Evening Of Plays.....The Evening of Plays, a Warren high school Dramatic Club production under the leadership of Miss Kathryn Martin, will be presented Tuesday, April 27, at 8 p. m. The program consists of the following three plays: "Just Before the Prom" depicts an exciting Adventure at a college fraternity house party; An old fashioned melodrama entitled, "Parted On Her Wedding Morn" or "More to Be Pitied Than Scorned" revolves around the misfortunes of a lovely heroine in the early nineteen hundreds; "The Happy Journey to Trenton and Camden" will take you with a family on their vacation by automobile to Camden, N. J. Tickets will be sold by members of the Dramatic Club and will be on sale immediately after Easter.

Philomel To Bring Pianist....Miss Eunice Podis, pianist, will appear at the Woman's Club, Monday, April 26, under the sponsorship of the Warren Philomel Club. Miss Podis was heard in Warren last year. Tickets can be secured from Mrs. Robert Donaldson, chairman, and the Philomel members on her committee.

Plan 4th Celebration....A tentative schedule for the sixth Fourth of July Celebration was set up at a meeting held by the Jaycees. This year's finale prize is to be a 1954 Custom Mercury 4 door Sedan.

The celebration will take place July 5 starting with the arrival of Miss America, Evelyn Ay, and will include the parade, drum corp competition, judging of the five finalists of the Miss America contest and the crowning of the queen by Miss America. To conclude the big day fireworks will be shown and the drawing of the winner of the finale prize will take place.

Talk Of The Month....."Sunny Iceland" will be the topic of Hal Linker at the final presentation of the Talk of the Month Club, Tuesday evening, April 13 in the Woman's Club at 8:30 p. m. He will show colored motion pictures along with his talk.

YWCA Open House.....The YWCA will hold open house for members and friends, Thursday, April 22, in observance of National YWCA week which starts April 18 through the 24. It will start at 7:30 p. m.

Lions.....The Tuesday meeting of the Lions Club will be taken up with business. Members of the club will meet at the YWCA, April 20.

Blue Stocking Luncheon....Members of the Blue Stocking Club will gather for luncheon at the Schwab's Cottage Kitchen, Tuesday, April 20 at 1 p. m. Election of officers will take place at this final meet-

ing of the Club with Mrs. Minnie Hogsteadt and Miss Fanny Smith as hostesses.

JOHN MALLERY, JR., THE NEW Superintendent of Warren county schools is congratulated by retiring superintendent H. L. Blair. Mr. Mallery who lives at Sandy Lake was elected at a meeting of county school directors held Tuesday morning in the county court house. The vote was 57 to 55. Mallery's only opponent was Paul R. Getts, supervising principal of Brokenstraw Valley Joint District. A former resident of Warren county,

Mr. Mallery is a graduate of the Lottsville High School, and attended the University of Pennsylvania and the University of Pittsburgh. He is married and has two children.

A new assistant to succeed Mr. W. J. Summerville, the present assistant, will be announced in the next few days after the new superintendent has conferred with the board of education.

THE FOURTH ANNUAL EAST-ER SUNRISE service is again scheduled deep in Cook's Forest, starting at 7:00 a. m. Mr. Frank D. Harriger, Leeper postmaster, is the general chairman of the committee sponsoring the service. Pictured are Mr. Harriger and his committee. Left to right seated are J. C. Ward, supervising principal

of North Clarion county joint schools, Mr. Harriger, James W. Carroll, J. Kenneth Borland, president of the Tri-county men's club. Standing are, Albert Ochs, Howard Lane, Leo J. Moore, and Leo E. Ochs. There will be an organ recital and playing of the famous cathedral bells which are from London, England.

Miss Eunice Podis, brilliant young concert pianist, who is appearing here in a recital at the Woman's Club, April 26th, is under the sponsorship of the Philomel Club.

The Philomel Piano Club for Women, one of the oldest music clubs in Pennsylvania, was formed in 1891 and has had one purpose through the years - to bring to its members and to the community music of the very highest calibre. Starting with seven members, the club has grown until there is now a membership limited to 200. To maintain the high standard of musicianship which the original group possessed, auditions are required for all members wishing to perform on the programs.

The Philomel is very proud of its two Junior organizations - The Little Bach Society and The Junior Philomel, both of which are carrying on the musical traditions of the Senior group. Recently a Women's Chorus was organized, and this has proved to be a very valuable addition to the club programs.

In keeping with its policy of bringing the best in music to Warren, The Philomel has presented many fine artists. With the appearance of Miss Podis, April 26th, the club will once again be bringing to Warren music lovers an outstanding musical event.

Drama TV Radio Music Reading Hobbies

Coming to the Warren high school soon will be a movie for the benefit of orphaned children in Italy. It is called "Surge Et Age", and is sponsored by the Sons of Italy. Money received from this movie will be used for the Casino Memorial Orphanage Fund, which is concerned with the problem of war victims who were left without parents as the result of killing that went on there.

Much of this work was started by American soldiers who saw the need and attempted to help the innocent young people. The result can be young men and women with renewed hope and of value to the world.

The movie will be shown May 1, at 2:30 and 7:30. The price is only 75 cents for adults, including tax, and 40 cents for children.

Attention Ceramic Artists

A special effort to encourage the entry of ceramic art in the Woman's Club Talent Recognition Art Show is being made, with Mrs. B. H. Mathis as the ceramics division chairman. It is hoped that many adult pieces will be provided for display with the high school students' work.

The students of Mrs. Gerda Lawrence, Warren high school ceramics teacher, will display their handicraft, some of which consists of very practical table service.

It also is hoped that enough people are interested in sculpture to provide an exhibit.

All entries, including paintings, photographs, and those mentioned above, must be at the Woman's Club May 9, which is not very far away if yours is not ready for showing.

You MUST Like Baseball

Radio listeners have had their selection of programs narrowed down to an even finer line for the rest of the warm weather season. With most AM reception not very satisfactory in the Warren area, and with many people forced to

dependence on Warren FM and AM for variety, an added responsibility is placed on the shoulders of the WNAE operators.

But you will listen to baseball or nothing at many times of the day this summer. This game apparently is to be the great American pastime whether Americans like it or not. It has been so commercially promoted that radio and newspaper have become baseball's major sales force.

For those who love the game, and there are many, a program such as this is a must. But let's not forget the actual majority who either do not like the sport or who can take it or leave it. And certainly prefer some other kind of entertainment if they are given a choice.

That almighty buck must be talking again.

Want A Concert Series

In this writer's opinion the greatest single project promoted by the Warren Junior Chamber of Commerce is the concert series. The majority of people like music, though they may not agree on the kind. The concert series has offered wide variety, and the many specials provided by the Jaycees have completed a very rounded program.

Now the tickets for next year are on sale and we hope the attractions of the fireside and TV will not provide a lethargy that may be unhealthy for live attractions. However, TV will have lost more of its novelty by next winter, and we believe that all activities which have suffered through the homebody influence may do a bit of a comeback.

The concert series tickets are limited to members of last year until April 19. Then the sale becomes open to all. You can obtain one by mailing \$6 for adults and \$5 for students to the Jaycee Music Committee, Box 147, Warren, Pa. Your tickets will be forwarded by return mail.

RADIO AND TELEVISION

By Herb Shriner

THE BIG LIGHT BULB

I guess a column in this space ought to be about radio and television. I really haven't got much to say about it in fact, I haven't got anything to say about it, but I thought I'd mix it in with everything else, so you wouldn't notice it.

To tell you the truth, around my home town they don't watch much television. I asked one old-timer back home about TV and he said he don't put in much time at it. He claims he just couldn't seem to get used to setting there night after night staring at a big light bulb!

Of course, that don't mean the other folks ain't enjoyin' it at all. A lot of 'em in my home town soon as they heard I was on TV, went out and bought sets. That may not sound like much, but it does when you realize that there wasn't any station!

I never let it out before, but my folks were kind of sorry to see me get on TV. They liked radio better 'cause people couldn't see me and I didn't have to wear my good clothes. I hope I'm not givin' the

impression that folks back home ain't up-to-date. We had one fellow bought himself a TV set with a 30 inch bulb. Actually, he never meant to buy one, but it came by mistake through the mail order ... he'd sent away for a hoe handle. Anyways, he sat and looked at that big set for a few weeks and when no programs came on, he finally passed away out of boredom. His relatives didn't know what to do with the set, so they laid him right in it. He looked so good peekin' out of there, they just left him settin' around the house. Before anyone realized it, he'd picked up three sponsors.

Well, TV sure has made strides. Although, a lot of small towns are getting programs from stations that are so far away that the shows don't come in if the wind ain't right. Best thing I've heard about it is the dentist who has a television set perched up there in front of the chair, and he used it regularly. What he does is to pull your teeth during the commercials so you don't feel the extra pain.

Another thing I notice is that TV has a big influence on children. One outfit is making TV pants for kids. They come with sponge rubber in the seat I guess they figured if they couldn't make it easier on the eyes, they'd do the next best thing.

The way things are going I believe television can help kids a lot some of 'em are gettin' into all sorts of trouble. I was sorry to read the other day that one little fellow was expelled from Ding Dong School. It is wonderful to watch the way Miss Frances converts your living room into a school room. I only hope that some day they'll figure a way so she can give the okay if a kid holds up his hand to leave the room.

I hope I'll always enjoy television as much as I enjoy doin' "Two for the Money" for the Old Gold people. Sometimes there are some pretty exciting moments. Like the night the man and wife were on tryin' to earn some money. There they were in the last round when ever answer was worth \$500. Then the poor husband ran out of answers and they lost out. Just the other day I got a letter from her saying she wants to come back and try again she says her new husband is much smarter.

Yep, TV is fun, but I do remember some awkward times. Like the time when I was on the air for a shirt sponsor and we used to

show movies each week of the factory and how they made the shirts it turned out that the movies were too good and people at home started making their own shirts. I still don't know if we sold much of the product with those movies, but we did get a couple of offers for the factory.

But altogether I guess the big thing now is this color television. Not that they don't have their problems there. I hears about a lady with a color set who was tuned into a show. It was a wonder-

ful program, but she had to turn it on it didn't match her drapes!

I imagine a fellow could talk up the whole page here about radio and TV, color and 3D television or whatever, but to tell you the truth, the folks back home still rely on the party line telephone for the news mosly. Sure, radio and television tell you who was seen with who but on the party line, you can find out what they were seen' doin'.

IS IT? Yes, that's Bud Terry, former Warren high trackman now on the Slippery Rock squad. Our camera took this picture while Terry was practicing on the Beaty cinders. His specialties are the 100 and 220 dashes.

SPORTS

Warren Track Squad Starts Season

After nearly a month of workouts and preparations the Warren high thinclad squad begins its campaign on the Beaty cinders, Tuesday afternoon, April 20. Corry and Youngsville will furnish the opposition in the triangular duel.

This week Warren suffered a jolt when its top miler, Anthony Cosmano, a junior, had to bow out for the remaining season because of an appendix operation. J. Cashman, B. Meddock, and J. Powley will run the mile.

Coach Loyal Briggs has been pleased with many newcomers. Some of these boys are counted to take many positions vacated by last year's fine team.

Letterman Don Mahaffey and C. Greco are set to do the job in the 100 yd. dash. In the 440 dash Phil Stewart and Dick Schuler rank top men thus far. Bruce Duell, Ken Schuler, and John Harrington form a strong one-two-three punch in the 880. Swifty D. Mahaffey looms high in the 220. He also will get help from a new group. Fay Morley, John Simonsen, Don Mohney, and Larry English have the pole vault at stake. Sophomore Willard Foley heads the field in the discus throwing. Veteran John Fisher performs in the shot put, high jump, and javelin. Stan McClelland and Jeff Homan are two other good field men. Broad jump finds Billy Massa as a top candidate. In the low hurdles Mike Shanshala and Virgil Kittner have a go at it again this season.

In all the Dragons look like a squad which will give any team a tough tussle. The pressure of winning sixteen straight meets during the past two seasons is at stake but we feel they will tackle it.

Youngsville, who is in its third year in track, will not be a push-over. It has eight lettermen and an excellent dash man in Dick Wood. Corry is unknown to us but if they use the speed they showed in the gridiron, well look out!

Training for the Warren aggregation is recommended during the Easter recess but not required, according to coach Loyal Briggs.

Warren To Have Gymnastic Team

Gymnastics, a very popular sport in Warren a few years back, may be revived soon. The Warren YMCA informs us that a special three-day tryout takes place on April 26 to the 29 for boys nine years of age and older. Any area boy who belongs to the Y organization will be welcome for these tryouts. If a strong enough group can be pro-

cured, Physical Director Herb Pfuhl states that he will make preparations to compete with other teams from the state.

Some of the events in which one may qualify include parallel bars, rope climbing, horizontal bars, tumbling, side and long horse, and flying rings.

Y Round-up

The all day achievement program at the Warren Y has been set for May 1. Special athletic skills will be demonstrated by the cadets, juniors, and seniors.

High jump, broad jump, ring chin, parallel dips, and track events are on the morning program. In the afternoon, swimming events will be run in the pool. There is no admission and ribbons will be awarded to the first three winners of each event.

At the state tourney the swimming preps came fourth out of twenty-one entries with six points.

Boyd Shattuck had a hand in the Warren scoring as he came fourth in the 25 yd. backstroke. He also helped the 100 yd. medley relay team, made up of Ronnie Coles, Jim Johnston, and Jim Watt to place fourth.

The seniors found competition keener and came seventh out of twenty-two squads. Norman Main gathered the Warren three points when he placed fourth in the 100 yd. butterfly. Jim Mahood didn't score in the diving feat but was content to compete with the Olympic and state champions. Both swimming teams are still practicing and there is hope that the preps may enter in one or two more tournaments.

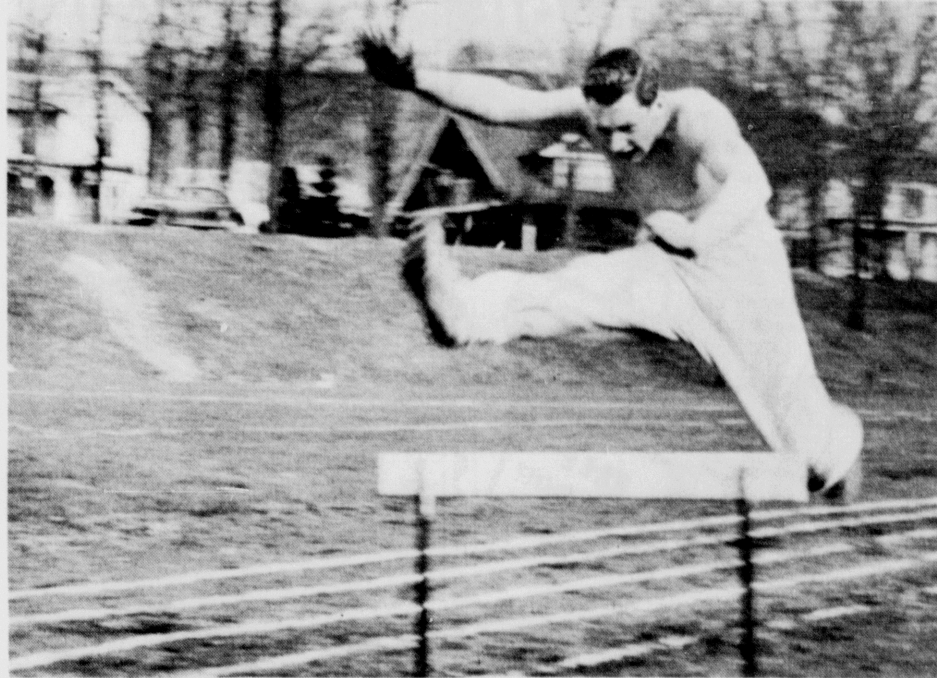

You can still buy the few remaining tickets for the Y sports banquet. Mr. Arthur Burgess is guest speaker and Frank Filesi master of ceremonies. The event takes place on April 21, at 6:30. Tickets are \$1.50 per person and are on sale at the Warren YMCA.

Elimination for the singles handball tourney continues with A. Morelli, J. Potter, H. Summers, F. Russo, F. Morris, D. Morse, H. Fisher, and B. Davidson still in the running, going into the quarter finals.

Quickies

Those Area baseball players who signed contracts with major league affiliations are still gunning for their goals. Stan Lyle trained at Daytona Beach. Chuck Irwin, signed by Cincinnati, may land a berth on the Duluth, Minnesota, team. Phil Swanson will be assigned to a Cleveland farm club. Joe Frisina was at Vero Beach and probably will play for a Class A Dodger farm team.

Advancing their status under the NRA rules were four members of the Warren junior rifle club. Ed Sharp qualified for sharpshooter. Pro-Marksman were credited to

UP AND OVER with plenty to spare is Mike Shanshala promising Warren high hurdler. Last fall the

tall sophomore was an asset to the football team.

ANOTHER NEW FACE in the Warren track squad is Willard Foley, a sophomore. He will be

busy in the field events. Warren opens its season on April 20 against Youngsville and Corry at Beaty.

Berlyn Seder, David Poorman, and Karl Specht. The next meeting for the rifle squad is at the armory, Saturday, April 17.

Former Warren athletes Dick Hartnett and Bob Harrington are trying a hand in their baseball college team. Hartnett, a freshman at Fenn, is out for second base. Harrington, also a frosh, attends Lehigh and hopes to make good in the infield. Both boys were members of the Hot Stove in the past few seasons.

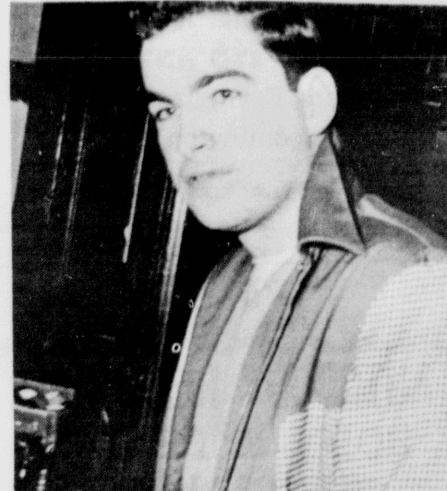

A Former Warren high thinclad is now using his speed at Slippery Rock. He's Bud Terry, a good sprinter in the 100 and 220 dashes.

For You Giant fans, WHLD, Niagara Falls radio station, is broadcasting all the New York baseball games this year.

A Group of motor boat enthusiasts from Warren will be off to Pittsburgh on Saturday, April 24, at 7:30. The locals will have four power boats on the Allegheny River. They will station their supplies in the rear of Edgett's planing mill.

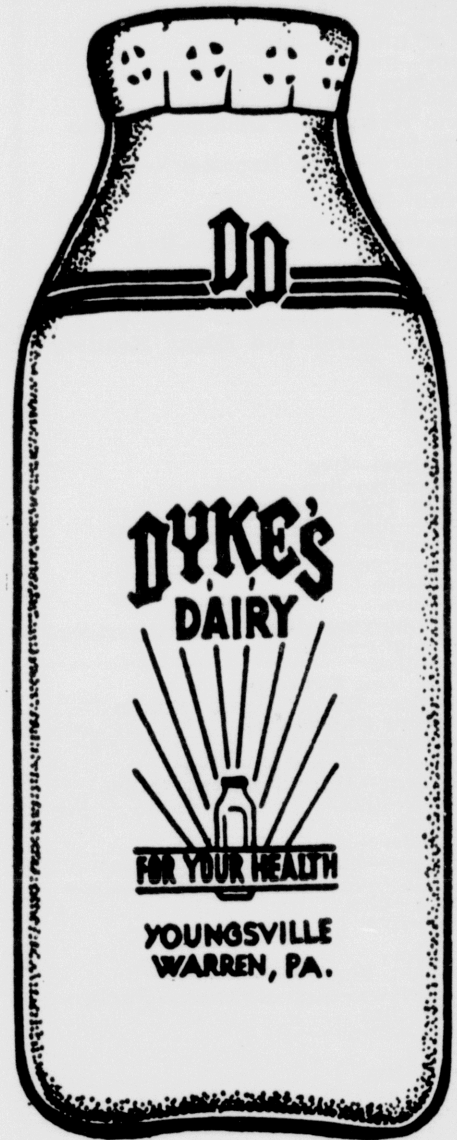

A New Assistant football coach for Warren is Thomas Kristy, who was well liked in Sheffield during

the past two seasons, when he served as a football and basketball assistant. He is a former graduate from the California State Teachers College.

CAMERA EYE had a glimpse at athlete Dick Hartnett this week. Dick, a freshman student at Fenn College, informs us that he has a good chance to be the starting second baseman on his baseball team this season.

During the winter the former Warren high product made first string on Fenn's basketball squad.

OIL WRITE-OFFS REVEALED

WASHINGTON. -- Senator John J. Williams of Delaware, who is a Republican, was a torment to the Truman Democratic Administration when he was digging into the Internal Revenue Bureau and exposing scandals in administration of our tax laws.

He may become somewhat the same, though of lesser degree, to the Republican Administration. At least he is raising questions that are embarrassing in some Republican quarters about tax policies of the Eisenhower Administration.

You may recall that he caused a stir a few weeks ago when, in company with Senator George D. Aiken (R., Vt.), he introduced an amendment to the tax laws to cut the oil depletion allowance from 27 1-2 percent to 15 percent. This flat deduction, before taxes, enjoyed by the oil industry has been among the untouchables for many years so far as Congress, itself, is concerned. Senator Williams' initiative is the more surprising since he is, himself, a member of the Senate Finance Committee which drafts tax bills and which is, by and large, a rather conservative group rarely inclined to meddle with sacred cows.

The Senator's assault on oil's privileges might be overlooked possibly, and even forgiven, as one of those lapses to which a Senator is entitled. Except — now he comes along to attack one of the most cherished parts of the Eisenhower Administration's tax program. This is the proposed reduction of taxes on dividends by a formula designed to modify so-called double taxation of dividends. Now they are taxed both at the corporation and stockholder levels.

Senator Williams would simply remove this tax reduction provision from the voluminous and comprehensive measure revising our internal revenue laws. That bill, which the House passed several days ago, is the subject of public hearings beginning this week in the Senate Finance Committee.

The Administration is now on the defensive on the dividends tax from within its own ranks as well as from the Democrats. The latter have singled this proviso out as their chief argument in denouncing the Administration tax bill as "a rich man's tax bill." In the House they sought unsuccessfully to eliminate this reduction and substitute, instead, an increase in personal exemptions from \$600 to \$700 which, they argued, would help the rank and file taxpayer.

Senator Williams is not making any stump speeches about the rich and the poor. He merely says that this business tax relief is "ill-advised at this time." He explained that he is not passing on its merits, but that the government cannot afford now to lose the revenue.

The revenue loss is estimated at \$214,000,000 the first year, ranging up to \$814,000,000 when it becomes fully effective. The deductions that can be charged off of dividends increase gradually to a maximum at the end of three years.

Senator Williams will get considerable Democratic support on his amendment to forestall this tax deduction. He will get only scattering support from Democrats, however, on his attempt to reduce the oil depletion allowance, and likewise from Republicans. Oil knows no party lines, as repeated tests in both Senate and House have revealed.

For exhibits, Senator Williams will have the first figures ever gathered by Congress on what the depletion write-offs amount to in specific cases. They were collected for four companies by the House Interstate Commerce Committee during its investigations last year of gasoline price increases. For Phillips Petroleum the write-offs were: \$28,242,000 in 1950; \$31,779,000 in 1951; \$33,033,000 in 1952. For Standard Oil of California, the figures were \$60,939,000; \$66,250,000, and \$64,328,000, respectively, for

the same three years, Socony-Vacuum and two affiliates had these write-offs: \$37,232,000; \$45,488,000 and \$45,184,000. For Humble the write-offs for the three years were, respectively: \$72,510,000; \$89,123,999, and \$88,480,000.

The reports revealed interesting information about how oil companies reduce their tax liability in other ways. The public ought to know about this and Senator Williams, who is familiar with tax procedures and practices and their meaning could perform a public service by letting the average taxpayer in on it.

OUTDOORS

Warren and Forest counties apparently compare very well when it comes to big game hunting, a fact that should prove an asset in any cooperative efforts made to attract sportsmen to this area. Warren county was exceeded only by McKean, Elk, and Potter in the number of antlered bucks killed last fall. The nimrods knocked over 1667 in Warren county. And little Forest county was ahead of the list when it comes to deer per acre. It was close to the big kills with 1558.

Warren, McKean, Potter, Forest, Elk, and Cameron form an area that few in the entire nation will top when it comes to deer and bear hunting. Elk had the big slaughter with 1953 bucks. But it had only 820 antlerless deer shot in contrast to Forest's 846, and Warren's 855. Potter led with 1320.

The figures are not new but they are interesting to study when you see them on a map. It reveals the geographical hunting area. Though the Warren, Elk, Potter, Forest, etc. area also accounted for many bear, with 9 in Warren, 10 in Forest and 29 in Potter, the surprising fact is that you can go to the very eastern extreme of the state, to find the big bear score: Pike gave up 31 bruins and Monroe saw 23 killed.

(If there is room in this issue you will find a map of the state revealing the area game kill.)

How's Fishing?

If you come home with a nice catch of trout on one of these opening days, or if you land one of those contest winners, bring them to the Observer office. We would like a picture.

We Sell — We Install
We Service & We Guarantee

OBSERVATIONS

By Bob Walsh

Last December we wrote a column in which we asked if the twenty-fifth of that month were to be our last Christmas. This editorial was so well received that we were asked to publish it in other editions.

It suggested a hunger for something that will weld people together in a common attack on the fear of oblivion which is promised us if we do nothing about the development of killing techniques.

And now Easter is here, preceded by a series of H Bomb explosions

which proved that man will surely destroy himself if he follows the rule of an eye for an eye, or a bomb for a bomb. Easter is here and its inspiring promise.

A leading commentator recently quoted a friend who asked why communists, fascists, and similar ismists showed such fervent enthusiasm in their beliefs, while Christians are so passive. One answer given was that the isms are political movements in which the participants can actively take part with hope of immediate reward, while Christianity is an ideal. It said that it is difficult to be constantly enthusiastic about an ideal.

This we don't believe! We believe that man's constant effort to find a better life through various forms of government is aimless and wasteful. The application of Christian principles to most any government framework would solve our problems.

Neither socialism nor democracy will work in this nation, nor will a combination of the two be successful if the participants constantly are maneuvering to gain a better station in life than their neighbors, and often at the expense of their neighbors.

We hear radio commentators and read columnists who claim that the reason capitalism is so successful is its competitive aspect which results in great progress. We suspect that the very opposite is true. This is capitalism's weakness. In fact, it is socialism's weakness. Also fascism's and nazism's. Those who work for these isms usually do so for selfish reasons, and given such forms of government you would find the same people pulling strings and hustling to be a bit farther up the scale than their neighbors.

Until man does his work for the benefit of others as much as for himself, no system will work. And until the United States does likewise in its relations with the rest of the world it will not be successful as a leader. Every nation which has led the world has failed because its basic tenet always has been the preservation of its position rather than an effort to give all people equal opportunities, either as individuals or as nations.

The H bomb is cheaper and easier to make than the A bomb. Leading scientists including Einstein have claimed that its size is unlimited and that a chain reaction can be set off that may destroy the world.

It also has become evident that an H bomb, far larger than those we already have fired, might set up a cloud of poison ash which could get out of control in unpredictable winds and actually do more damage to the offender than to the defender.

We may have learned something about the atom but we still are very ignorant about the weather. And changing winds are beyond our powers even to predict, and certainly beyond our control.

Even the Russians are becoming apprehensive. Being non-Christians they probably have more fear of death than many of us. It is the finish for them. To many true Christians it is only the beginning.

And so we come to Easter and its promise for the beginning. What does a Christian do at a time like this? He prays? Yes! He is without fear for himself but concerned about others? Assuredly!

But most important, he should be doing something positive about it in every day living. He should be applying the measure left him two

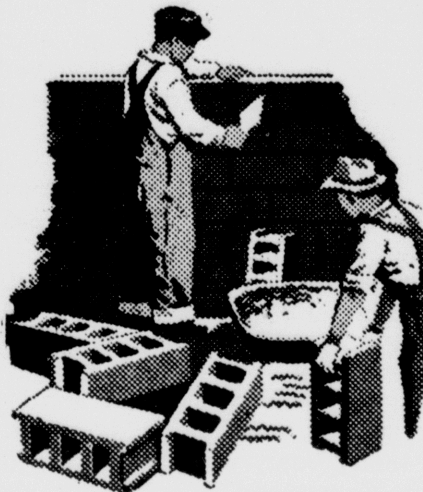

thousand years ago to his working, his choice of leaders, his civic activities, his social relations, his economic philosophy, to all phases of his thinking, his loving, and his living.

And in thinking about the promise of Easter we must not feel superior because of our belief in a risen Christ. Though the Russians may see nothing but darkness and oblivion in death, we have no better promise if we are the ones who cause that death.

There is much thinking and

weighing to be done by the people of the world. They must learn to live together if they are to live! Either here or hereafter.

Warren, Pa.

WELCOME VISITORS. A very well behaved and alert group of Tidoute high school students visited the Observer's Warren plant, Monday. They were interested in the modern methods of publishing and printing. With the group was Coach Charles Anderson.

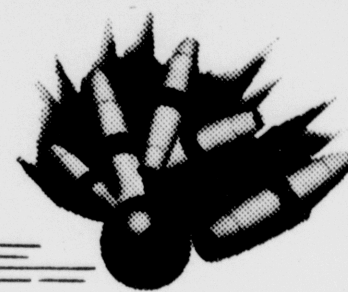

UP IT GOES. Into place moves one of the steel beams which will support the roof of the Observer's new addition. Bob Nesmith's crew has the project moving rapidly and good weather will see the roof finished next week.

1955 LEADERS. Co-Presidents of the Warren High School class of 1955 are pictured above. They are Margaret Peterson, daughter of Mr. and Mrs. T. G. Peterson, 10 Lansing St., North Warren, and Bob Smith, son of Mrs. Esther Smith, Warren-Kinzua Road.

BOWLING

Warren county lady bowlers didn't start any fires on the alleys in Syracuse when they invaded that city for the national tournament last week-end, but they report a good time, and some of the scores probably will cash in.

The best team effort was 2311 rolled by Certified Electric, composed of Lois Kifer, Rose Driscoll, Konky Tridico, Evelyn Felder, and Addie Okruh. The Paul Mar girls hit 2275. This five consists of Rose Juliano, Peg Yeagle, Red Walsh, Jaye Pappalardo, and Vi Sterling.

Other fair scores included Dan's Chevrolet, 2155; Sylvania, 2123; Warren City Lines, 2074, and Struthers Wells, 2030. Three of these were booster division teams, led by Sylvania's total.

Helen Peterson turned in the best performance, hitting 503 in the team event, 433 in the singles, and 529 in the doubles for a 1465 all events. Madge Kehm fired 446, 494, and 486 for 1426. And Joan Shetty rolled 482, 420, and 519 for 1421.

The best doubles score was the 1012 of Joan Shetty and Sis Highhouse. Jeannette Harvey and Red Walsh had 943, and Bernice Thomas and Madge Kehm rolled 941. Peg Yeagle's 496 was the best singles effort, and Rose Leuthold was second with 495.

Buffalo teams are leading the tournament with 2541 and 2521. The doubles high is 1130, tops in the singles is 597, and 1560 is best for all events.

The Highest Score posted by the Warren K of C bowlers in their national tourney all events, with handicap, was missed in the pile-up of figures last week. John Salamon posted 1861 to lead the Warren group.

LEAGUE ACTION

The leagues are getting into the roll-off season and soon the pins will be completely quiet for a few warm months. Scoring in the City league was led by Tony Fazio with 654. Paul Coppola had 617 and Mark Gelotte, 610. Fred Baldensperger rolled a 234 game. The roll-off championship was won by Dykes Dairy which defeated Anderson Bread. Allen Johnson paced the winners with 426 for the two games and a 246. Mark Gelotte had 425. Nummy Wooster led the losers with 411.

Rudolph Barbers took both halves of the Commercial league and Allen Johnson had 235, 653 to lead the final night's scoring.

The VerMilyeas won the Mixed league crown with Sven Forslund, 553, and Reda Wright, 444, scoring best.

The Truckers took New Process honors, 277 to 254, over the Shipping team. Barney Pasquino's 535 was the best but not enough for the losers.

The Merchants league goes to the final wire tonight with three teams, City Lines, New Process, and Hanna Motors bunched for the lead. Dick Saporito had 244 and 623 for last week's best. Links Motors took the first half.

Lee Munch led the Junior Industrial with 605. Don Bailey had 255. Harold Kiser paced the Shop league with 475, John Zolko the K of C American with 566.

Pinewood Inn finished on top of the Exservicemen's league, with Ernie Wilson scoring 583 and Bill Gnage, 244. They will have a singles tourney next week.

The Sylvania league is having a five out of nine game roll-off which Wire now leads, 2 to 1, over

Weld A. Clair Proud had 485 for the best.

Gus Cerra was the big boy in the K of C National with 568.

Up Sheffield way, Earl English almost had one, but ran into ninth frame trouble. He posted 288, to get 630 in the Classic league.

And The Ladies

Rose Driscoll hit 546 to lead the final night of rolling for the Ladies City loop. Other highs were Evelyn Felder, 514; Joyce Cromwell, 598; Red Walsh, 502; Mary Check, 225, 501, and Louise Moorhead, 218. Kinneer's took the second half and will meet Nicks Restaurant Monday at seven.

The Anne Fillis Beauty Salon took the Major league honors. Final night scoring was led by Evelyn Felder with 209 and 553. Other highs were: Betty Gray, 537; Addie Okruh, 512; Sis Highhouse, 509; Louise Moorhead, 515; Helen Peterson, 504.

Other scoring saw Joyce Cromwell led Peg's league with 506, Joan Shetty topped the Minor with 200, 483, and Gert Miller led the Class C with 398.

LATE

Area Sports . . .

At the Industrial softball meeting last night two teams, Struthers Wells and Glade, were added to the loop, making a total of five. Each team is allowed to have fifteen men on its roster. There is still room for three more teams. If you are interested, contact Don Mills. The next meeting is set for Wednesday, April 21, at seven o'clock in the Warren Y.

Hot Stove Makes Plans

Several items of interest were brought up at the Warren Hot Stove meeting last evening. The adult membership drive is now in full swing. Donation is a dollar a

ALL ABOARD. Off to Syracuse went this happy group of Warren keglerets, Friday, with many eyes not quite aleep. It wasn't early at eight o'clock, but think how long it took to pack. They got back Monday morning with some fair scores that may be followed with a check or two.

ticket. This is a small sum for a worthy cause.

Registration was taken up. A coupon will appear in the OBSERVER next week. Write all information that is necessary, have your parents sign their names, and then take it with you when you register at your local Wards on April 27 and 28.

Here is the list for the registration. Wards one, two, three, at the Warren YMCA, between seven and eight o'clock. Ward four, Jackson Field, six o'clock. Ward five, Beaty Field, between seven and eight o'clock. Ward six, South Street, starting at six p. m. Ward seven, Seneca School, seven o'clock. Ward nine, Lacy, starting at seven. North Warren will have its registration at the Community House at seven. Pleasant Township at the Fire Dept., six o'clock. Starbrick, at its school, seven o'clock. Youngsville, at its high school.

Three districts, Clarendon, Russell, and the Warren Eighth Ward were not represented last night and must be present at the next meeting on April 21 if they hope to have some teams this season.

Thus far eighteen Warren and area merchants have sponsored teams. The new equipment committee was made up of Nick Creola, Harry Tourtellott, Roger Hendrickson and Harry Wooster.

A change was made in the method of distributing equipment. This season baseballs will be distributed at the meetings and handlers must attend these sessions in order to obtain such equipment.

NEW Y RIFLE CLUB officers, elected at their regular meeting last week. L. to r., they are Robert Gorsuch, the club's instructor, David Sedwick, president, Ed Shark, vice president, and Bill Peterson, treasurer. In the foreground is Bill Sedwick, secretary. Allen Anderson, the Y's Boy's work secretary, reports that the rifle club is doing fine and the boys are showing a great deal of interest.

Warren Borough Takes Sewage Plant Steps

The Warren borough council Monday night made two decisions that will play a major part in the provision of a sewage plant for this community. It resolved to buy two lots on which pumping stations can be constructed. One of these is in the West Side and will be purchased from Mr. and Mrs. Thomas Scalise for \$900. The other is on the Island and will be bought from the Phenix Furniture Co. for \$500.

Council also moved to have the finance committee investigate procedures for the formation of an authority for a sewage plant. Such an authority could issue bonds, build and operate a plant, and charge some type of fee or rental until the bonds were paid off. The plant then would become the borough's to operate.

After listening to a plea from the PTA which said a poll of members had revealed a preference for daylight saving hours through vacation months only, and to the Warren Chamber of Commerce which claimed that such a schedule would result in confusion, council voted to have daylight saving in concert with the rest of the nation, from April 24 to September 25.

Councilmen Yagge, Rudiger, and Miller suggested that the schools should be the ones petitioned by the PTA. They could change the hours for the last and first school months to provide the extra hour of darkness for sleeping without disturbing the timetable.

Council accepted the resignation of J. G. Smith with regret and named Harry A. Logan, Jr. to represent the Third Ward.

It also accepted the resignation of Donald C. Smith from the police pension fund committee and appointed William F. Crossett.

George Geracimos resigned from the civil service commission and Councilman Warren E. Miller was named as his replacement.

Councilman Patchen moved to sell the Mack fire truck by bids on May 10, because of the inability of mechanics to obtain Mack engine parts.

Councilman Carbon objected, claiming Mack owners say they get parts and that the Mack truck was moved to the East Side where a larger area is covered at the suggestion of the underwriters, leaving a LaFrance truck for an extra in the West Side. This LaFrance has only two wheel brakes and most firemen are not anxious to use it for a fast ride to a fire.

Councilman Painter said that even head gaskets and brake lining can't be obtained for the Mack. Councilman Rudiger said Mack is not a parts maker and that he was confident he could get brake lining, gaskets, and all other parts from the proper supply houses with a little checking.

Councilman Mead asked why we are getting rid of a truck when we apparently need another. Councilman Painter said we might need one very soon.

Both Councilmen Carbon and Rudiger moved to have the motion tabled for more checking and council approved the action.

Council made Henry English a fireman and William James Paris a patrolman. It established the police clerk salary at \$160 a month.

Council learned it had received \$5,720 in state fire insurance tax for the Gordon Club pension fund. It voted to hold a civil service examination for an additional fireman.

Civilian defense was discussed and Burgess Rice said schools for auxiliary firemen and policemen will be held in the fall when the civilian defense fiscal year begins, and that a study of alarm sirens should be made in the meantime. These range from \$40 for the kind used in World War II to some that cost as much as \$4,000. About a dozen were used last time, said Chief Evan. They were sold after the war.

Council voted to ask for bids for paving and curbing the streets to be improved under the current bond issue and for storm sewers to be installed with this money. It also approved the investment of this money in short term bonds until there is a need for it.

It was resolved to make an agreement with the Warren Gen-

WARREN SCHOOL SUPERINTENDENT CARL WHIPPLE, in the company of building maintenance supervisor Jerome Paul, made his annual round of building inspection last week. Pictured is his visit to Seneca school. The lady is Seneca principal Miss Grace Bell.

WARREN HIGH SCHOOL ORCHESTRA members attending the northwest district orchestra festival in Oil City last week are, l. to r., front row: Eleanor Constable, Phoebe Jewell, Carol Douglas, Patricia Atkins. Back row, Rebecca Munn, Allen Bergman, Shirley Ann Johnson, David Lindberg, Josephine Tigani, William Carlson, An-

drea Wright, Patricia Harrington, Warner Ahlgren, Maija Baumanis, and Lewis Critelli. Others attending but absent when picture was made were, Julie Cheronis, Margaret and Charles Eaton. Director Harry Summers selected Patty Harrington as featured soloist for the occasion.

al hospital for sharing the cost of paving Crescent Park.

An ordinance now will be prepared for the grading and preparing plans for the admission of Hill, Monroe, and Wood sts.

The Junior Chamber of Commerce was given the right to use the airport April 30 and May 1 for a test of driving skills. Councilman Newmaker announced that a prospective airport lessee has been found who will come to Warren if something better he has in mind

does not materialize.

Council backed Burgess Rice in his decision to allow a tag day sale by the Warren Boys Choir on April 30 and May 1.

And it passed an ordinance regulating cellarway openings which border on sidewalks. The doors must be flush with the walks, the openings safe, a permit for such construction must be obtained through the submission of plans and the payment of a \$2 fee.
